Business

Manicor is an owner-managed, one-man business founded in 2021 by Christoph Wenaweser and located in Schaan, the strongly growing, economic centre of Liechtenstein. With my expertise, experience, seniority and networking, I can offer my clients a personal, independent, neutral, pragmatic and integrated solution-focused approach.

Liechtenstein as location

As a location, Liechtenstein represents political and economic stability in Swiss franc territory, with fast-track routes to public authorities, for rapid decisions, a high-level focus on service provision, traditionally close links, via the customs treaty, to the economic area of Switzerland, and, through Liechtenstein's EEA membership, also for a portal to the EU economic area.
